

**ARIZONA DEPARTMENT OF ECONOMIC SECURITY
DIVISION OF AGING AND ADULT SERVICES**

Janet Napolitano
Governor

1789 W. Jefferson, SC 950A • P.O. Box 6123 • Phoenix, AZ 85005
602-542-4446 • 602-542-6575 Fax

Tracy L. Wareing
Director

April 19, 2007

To: Area Agencies on Aging
Pima Health Systems

From: Rex Critchfield
Acting Assistant Director

Subject: **Area Agencies on Aging Revised Allocations and Funding Opportunity for SFY 2008**

Attached are the revised Title III and VII allocations, estimated carryover for the grandparent kinship care funds, and funding opportunities for your respective Planning and Service Area for State Fiscal Year 2008.

The Alerts are subject to change as additional information is received by the Division pertaining to the funding sources identified.

The following Alerts are attached:

<u>ALERT</u>	<u>FUND SOURCE/TYPE</u>
ALERT SFY-08-1A	Title III and VII – Additional Allocation
ALERT SFY-08-1B	Title III and VII – SFY 2006 Funding Opportunities
ALERT SFY-08-3B	State General Funds - – Estimated Carryover of Kinship Funds
ALERT SFY 08-7A	State Health Insurance Assistance Program – Funding Opportunity

To ensure completion of amendments by June 30, 2007, accurate and complete SFY 2008 contract operating budgets should be provided to the DAAS Contracts Management Unit by April 27, 2007. In addition, please submit Facility Location Charts if there have been any changes to those submitted at the start of the contract. An amendment will be prepared.

Alerts are now available on the Division website using the link: <http://www.azdes.gov/aaa/publications/default.asp>. Scroll down to “Alerts” at the bottom of the webpage and select the respective Alert.

Should you have any questions regarding the attached Alerts, please contact your respective Contract Specialist.

ARIZONA DEPARTMENT OF ECONOMIC SECURITY

Division of Aging and Adult Services

ALERT

SFY-08-1A

**Title III and VII
for SFY-2008**

The Division of Aging and Adult Services received its FFY 2007 grant award from the Administration on Aging and realized an overall increase of \$664,521 from FFY 2006. 100% of the FFY 2007 increase was placed into the SFY 2008 allocation. Had the increase been received earlier in SFY 2007, $\frac{3}{4}$ of the increase would have been placed in SFY 2007 and $\frac{1}{4}$ of the increase would have been placed in SFY 2008. If the SFY 2007 grant amount changes again, Area Agencies on Aging could realize another slight increase/decrease in the SFY 2008 Title III/VII allocation.

Increases occurred in Title III/VII in the following titles:

- an increase of \$535,423 in III-C1
- an increase of \$181,722 in III-C2
- an increase of \$2,218 in VII-Elder Abuse Prevention
- an increase of \$6,477 in VII-Ombudsman

Decreases occurred in Title III in the following titles:

- a decrease of \$40,195 in III-B
- a decrease of \$2,469 in III-D
- a decrease of \$18,655 in III-E

Attached are the revised allocations that identify the contract planning levels for your respective Planning and Service Area for SFY 2008. These revised allocations are based on the current FFY 2007 grant and the estimated FFY 2008 grant award. When the Division receives its actual FFY 2008 grant award, the Title III and VII Allocations will be adjusted accordingly and a revised ALERT will be issued.

Should you have questions regarding the allocations, please contact your respective Contracts Specialist.

**Title III & VII
for SFY-2008**

Staffing vacancies have resulted in approximately \$158,000 in unexpended State Unit on Aging Administration funds for Federal Fiscal Year 2006. Unexpended State Administration funds become program funds at the end of each Federal Fiscal Year. In addition, approximately \$206,000 in Title IIIIE funds for SFY 2006 is being made available. The following funding opportunities are being made available to Area Agencies on Aging to support state-wide initiatives.

Evidence-Based Health Promotion/Disease Prevention Programs

Section 306(7)(C) of the Older American Act of 1965 (42 U.S.C. 3026) is amended with the following inclusion, “(7) Provide that the Area Agency on Aging shall, consistent with this section, facilitate the area-wide development and implementation of a comprehensive, coordinated system for providing long-term care in home and community based settings, in a manner responsive to the needs and preferences of older individuals and their family caregivers, by –

(C) Implementing, through the agency or service providers, evidence-based programs to assist older individuals and their family caregivers in learning about and making behavioral changes intended to reduce risk of injury, disease, and disability among older individuals”.

The term “**evidence-based disease prevention**” program refers to a program that closely replicates a specific intervention that has been tested through **randomly controlled experiments with results published in peer-reviewed journals**. Sources of evidence include Health and Human Services sponsored research funded by the National Institutes of Health (including National Institute on Aging), the Centers for Disease Control and Prevention (CDC) (including work in the Prevention Research Centers’ Healthy Aging Research Network), Agency for Health Care Research and Quality (AHRQ), the Centers for Medicaid and Medicare Services (CMS) and the Substance Abuse Mental Health Services Administration (SAMHSA). Studies performed by universities or other research organizations are also acceptable. **Additional important criteria** include the program’s effectiveness with older adults and whether it can be adapted to various community settings.

A summary review of the principles of evidence-based programs and the theoretical structure can be found at: “Evidence-Based Issue Brief - No. 1, Revised Spring, 2006, Using the Evidence Base to Promote Healthy Aging” at www.healthyagingprograms.org . Based on the principles described above, the following criteria should be used in selecting intervention programs:

- The proposed intervention is based upon **rigorously conducted research** (a randomized controlled trial) with **results published** in a peer-reviewed journal.
- The proposed intervention has been **developed and tested on older adults** or a rationale must be presented for why the intervention is likely to work with older adults.
- The proposed intervention is **replicable** in a community-based setting (i.e. in a non-medical setting).

There are a number of specific programs that the Administration on Aging and its partners have identified that meet the criteria of being evidence-based and are suitable for the specific older adult populations. These programs can be directly implemented through community-based aging services provider organizations working in collaboration with health organizations and other potential partners. There may be other programs that are excellent that are not listed here.

The Division has approximately \$130,000 to implement evidence-based health promotion and disease prevention programs that focus on reducing risk of injury, disease, and disability among older individuals. These funds are being made available to Area Agencies on Aging to implement evidence-based programs in their planning and service areas. The available funds will be divided as follows:

1) Chronic Disease Self Management Program

Four Area Agencies on Aging participated in the Stanford University Chronic Disease Self Management Program master training session held in mid-February hosted by the Arizona Department of Health Services. Participating Area Agencies on Aging were Area Agency on Aging Region One, Pima Council on Aging, Northern Arizona Council of Governments, and SouthEastern Arizona Governments Organization. Part of the requirement of the master training session was the commitment to conduct up to 10 workshops per year. In an effort to support the workshops, participating Area Agencies on Aging may request funds to supply materials needed for the workshop, however, it is expected that the materials will be used as leverage to support workshops held in collaboration with local health departments. Up to \$50,000 will be made available for this purpose.

2) Falls Prevention

To facilitate the development of evidence-based programs that support fall prevention, up to four Area Agencies on Aging will be awarded funds to implement one of the following two evidence-based programs: Matter of Balance or Enhance Fitness. At least two Area Agencies on Aging must be rural. Up to \$80,000 will be made available for this purpose.

Title III & VII
for SFY-2008

Nutrition Program

Title C1 and C2 of the Older Americans Act Amendments of 2006 identify the following:

- Require nutrition projects to prepare meals that comply with the most recent Dietary Guidelines for Americans
- Use the Dietary Reference Intakes (DRI).

The Dietary Guidelines for Americans became effective January 1, 2005 and should already be used as a menu planning reference. The USDA Food Guide, used to build menus, offers a more specific mix of food groups and subgroups in meeting the DRIs.

Menu Analysis: Currently, the Registered Dietitian, Nutritionist, Diet Tech Registered or certified Dietary Manager is responsible to review and approve that **all** menus comply with the contractor service requirement of assuring that each meal contains at least 1/3 of the “current” RDA’s which were revised in January 1, 2005 to the DRIs. The Scopes of Work for both Congregate and Home Delivered Meals delineates these responsibilities. Approval implies some sort of assessment or “analysis” during the review process. It would be reasonable to expect that the person responsible for approving the menus will be able to support their “analysis” that resulted in the menu approval. This would require some sort of professionally recognized “analysis” tool, method or criteria. This can be accomplished in a number of ways, including but not limited to, adhering to a specific quantity of prescribed foods planned into the meal based on food categories (ie: a good source of vitamin “C” daily), a meal pattern (ie: 2 cups of orange vegetable each week), a manual calculated analysis, or a computerized analysis. The 2005 Dietary Guidelines for example outline a specific meal pattern.

If a meal pattern is used to “analyze” the menus; for a meal pattern to function properly, meals must follow a narrow meal pattern with no deviation. This does not allow flexibility for seasonality, product availability or price fluctuation. Meal patterns can be used efficiently as a checklist. However, they do not assure that DRIs requirements are met for protein, fat, fiber, vitamins A, B6, B12, C, calcium, magnesium, potassium sodium, and zinc. To best assure nutrient requirements are met and increase menu planning flexibility, a nutrient “analysis” of every menu would be expected in order to meet the standards and assure that the person with the credentials approving the menus has support for the approval.

The National Resource Center on Nutrition, Physical Activity and Aging recommends that menu analysis incorporating a “computer-assisted nutrient analyses should be run” on all menus. **However**, the Scopes of Work only requires one computerized nutritional analysis of at least one meal per week of each menu cycle be completed as a “verification” to the tool, method or criteria used to approve menus. The Scopes of Work require that cycle menus be developed every 3 months and that during any 3 month (13 week) period, there must be at least 6 weeks (or more) worth of menus within the cycle. As menus served are required to be maintained on file for one year, one would expect at least one computerized analysis “verification” for each week of menus approved. With a minimum of 6 week per cycle for 4 quarters, the minimum number of “computerized menu analysis” would be 24, and more, if more than 6 weeks of menus constitute a cycle.

The Division has approximately \$28,000 to **match** the funds used by Area Agencies on Aging Nutrition Programs for the purchase of menu analysis nutrition software.

Menu Analysis Programs: There are over a dozen programs on the market. Exhibit A provides a listing of available Menu Analysis Programs. In evaluating the program, look for a well established program that has the ability of updating and add-ons in the future. A technical support feature is also suggested as is a program that can be placed on a server for multiple access.

Division of Aging and Adult Services

ALERT

SFY-08-1B

**Title III & VII
for SFY-2008**

Family Caregiver Support Program (FCSP/III-E) Supplemental Carryover

The Family Caregiver Support Program has approximately \$206,000 to provide support to rural, minority, and low-income populations. These funds are being made available to Area Agencies on Aging Family Caregiver Support Programs in support of two distinct program goals. The available III-E carryover funds will be divided as follows:

1) FCSP Core Services Enhancement Special Projects

To facilitate the enhancement of each agency to deliver the five core services of the FCSP throughout their respective regions, \$170,000 is being made available to Area Agencies on Aging Family Caregiver Support Programs. Proposals are requested that would demonstrate a new core FCSP service being delivered in an area of the region that previously the service was not available. Technical assistance will be provided as needed in developing innovative service delivery mechanisms that allow delivery of FCSP services in new areas and to underserved populations.

Funds are available to Area Agencies on Aging Family Caregiver Support Programs for the following service categories:

- Information Services
- Access Assistance
- Counseling, Support Groups, Caregiver Training
- Respite Care
- Supplemental Services

2) Alzheimer's Walk of Friendship Program Support Projects

To facilitate the continuation of service delivery related to the current Walk of Friendship (WOF) program in Area Agency on Aging Region One, Northern Arizona Council of Governments, and SouthEastern Arizona Governments Organization, \$36,000 is being made available to those regions for case management and outreach related to WOF eligible clients.

The current Alzheimer's Disease Demonstration Grants to States (ADDGS) grant that supplies the funding for the WOF program will be closed on June 30th of 2007. As discussed in prior meetings with program partners, it is anticipated that liquidation extensions will be utilized to **expend the remaining direct service** funds, effectively extending the program services beyond the closing date of the grant by as much as a year. The liquidation extensions are granted in 90-day increments and will be terminated when all the available funds are expended. This extension of service will not be impact future funding opportunities.

The rules associated with the ADDGS grant specifies at least 50% of expenditures must be for direct services. Effective July 1, 2007, ADDGS funding will not be available for the Alzheimer Association Desert Southwest Chapter (DSW) Family Care Consultant (FCC) to continue in the role of case manager to the families enrolled in the current WOF program. To build upon the FCC role and to transition the WOF clients within the Area Agency on Aging network, funding is being made available for the service of case management. Crucial to the successful transition of this critical role will the timely transference of expertise and case files related to the support of WOF families. A meeting will be held to bring together the FCCs currently working with WOF families and the Area Agency on Aging case managers in June 2007 to assure a seamless transition for the families on the program.

Funding is also available for outreach, as needed.

It is anticipate the involvement of the Alzheimer's Association DSW will continue in the provision of caregiver trainings, support groups, and other activities supporting families dealing with Alzheimer's Disease and related dementia. It is also anticipated that the Alzheimer's Association will continue to act as a referral source to Area Agencies on Aging when they have clients that could benefit from the services being offered by the WOF program.

ARIZONA DEPARTMENT OF ECONOMIC SECURITY
Division of Aging and Adult Services
ALERT

SFY-08-1B

**Title III & VII
for SFY-2008**

Funds are available to Area Agencies on Aging that are participating in the Walk of Friendship Program for the following service categories:

- Information Services
- Access Assistance

Proposals related to this funding opportunity should include budgets indicating not only projected usage of these carryover funds being made available in this Alert, but also should include projected usage of available ADDGS funds for direct services. It is anticipated that remaining available ADDGS direct service funds will be re-allocated to reflect the proposed budgets that are submitted.

The following reporting requirements will apply:

- Project progress and implementation status are to be reported on the FCSP quarterly narrative report.
- Standard FCSP service codes will be used.

Long-Term Care Ombudsman Program Carryover

The Division has approximately \$7,000 to update the Long-Term Care Ombudsman training manual. Funds are being made available to **one** Area Agency on Aging Long-Term Care Ombudsman Program to work with the State Long-Term Care Ombudsman on the following activities:

- Create a work group to update and/or revise the training manual and related materials
- Meet with the workgroup a minimum of three times
- Seek review and input from the remaining Area Agencies on Aging Directors by January 31, 2008
- Finalize the manual by April 30, 2008

Approved projects must be completed by June 30, 2008

Interested Area Agencies on Aging are requested to develop a project overview of not more than one page and a budget. At a minimum, the project overview must address the service to be provided, the number of persons to be served, the geographic focus for the provision of service, and partnerships that may be developed in the service delivery. Area Agencies who would like to participate are requested to submit the project overview to their respective Contracts Specialist by Friday, May 19, 2007.

Should you have questions regarding these projects or require assistance, please contact Lynn Larson at 602-542-6461 or via email at llarson@azdes.gov.

ARIZONA DEPARTMENT OF ECONOMIC SECURITY
Division of Aging and Adult Services
ALERT

SFY-08-3B

**State General Funds
for SFY-2008**

Division of Aging and Adult Services received an appropriation through House Bill 2870 of \$1,000,000 for distribution to the Area Agencies on Aging as one-time funding for Grandparent Kinship Care. The total amount of the appropriation must be expended by June 30, 2008.

Alert SFY-07-3H specified that any funds not authorized in AIMS as of March 31, 2007 would be subject to re-distribution. Each Area Agency on Aging was requested to submit manual reports by April 6, 2007 detailing the amount of grandparent kinship care funding that was allocated to eligible grandparents. Based on the results of the manual reports and reports derived from AIMS, it has been determined that there will be no re-distribution of grandparent kinship care funds. While authorizations in AIMS did not reflect full allocation of available funds, it was clear that each agency had identified eligible grandparents that would allow full utilization of the funds if they continued to process these clients through June 30, 2007.

Area Agencies on Aging who will not fully expend grandparent kinship care funds by June 30, 2007 may carry the funds into SFY 2008. Please identify in your budget the estimated SFY 2007 grandparent kinship care carryover funds for your planning and service area.

Final grandparent kinship care carryover funds based on actual expenditures in SFY 2007 will be identified in a subsequent Alert.

Technical assistance is available to assist you in estimating your carryover amounts by contacting David Besst at 602-542-6431 or dbesst@azdes.gov. Should you have any other questions, contact your respective Contract Specialist.

ARIZONA DEPARTMENT OF ECONOMIC SECURITY
Division of Aging and Adult Services
ALERT

SFY-08-7A

**State Health Insurance Assistance Program (SHIP)
for SFY-2008**

The State Health Insurance Assistance Program received a grant award of \$538,871 for the grant term of April 1, 2007 through March 31, 2008. Grant terms and conditions require that 5% of the funding or \$26,943 be utilized to provide one-on-one pharmaceutical benefits counseling to dual eligible beneficiaries with mental illness.

Three mini grants of \$8,981 each will be available to Area Agencies on Aging wishing to apply for the additional funding. Funds will be used for the following activities:

- Hold five Medicare Part D trainings to case management staff within AHCCCS' (Medicaid) Mental Health Division and/or local Regional Behavioral Health Authorities (RBHAs).
- Develop referral network with AHCCCS and/or RBHAs to identify how case managers can refer the calls back to the SHIP Coordinator or complete the Client Contact Forms.

The following monthly reporting requirement applies:

- Number of trainings held to be reported on the Public and Media Activity forms (PAMs).
- Number of one-on-one counseling sessions reported on the Client Contact forms.

Approved projects must be completed by March 31, 2008

Interested Area Agencies on Aging are requested to develop a project overview of not more than one page and a budget. At a minimum, the project overview must address the service to be provided, the number of persons to be served, the geographic focus for the provision of service, and partnerships that may be developed in the service delivery. Area Agencies who would like to participate are requested to submit the project overview to their respective Contracts Specialist by Friday, May 19, 2007.

Should you have any questions regarding the awards, please contact Ada Leach, SHIP Director at 602-542-6439 or email at aleach@azdes.gov.
